

In 2012 Deltamune (Pty) Ltd helped the Santa Shoebox Project reach its incredible goal of 100,000 boxes, which were distributed at over 1000 orphanages, crèches and care centres around the country.

This year, South Africans will once again have the opportunity to pack a box and pledge their support. In line with this year's theme, 'Reaching the rural child', it will focus on increasing support to care-giving homes in small towns and farming communities all over South Africa who are in desperate need of assistance. This year the Shoebox Project hopes to take on board many more orphanages in all areas, and to allocate a percentage of Santa Shoeboxes collected in bigger cities, to facilities in the rural areas.

Deltamune (Pty) Ltd decided to participate in this heart-warming project again this year and pledged 255 Santa boxes that were delivered to the organizers on the 22nd and 23rd October.

The Oudtshoorn Laboratory contributed 80 boxes and Pretoria Laboratory and Vaccine facility contributed 175.

The Santa Shoe Boxes need to include the following items:

TOYS - Something to love

EDUCATIONAL SUPPLIES - Something to do

HYGIENE ITEMS - Something to use

CLOTHING ITEMS - Something to wear

SUGAR AND SPICE - Something to eat

BABY BOX - Something for the youngest

TEENAGE BOX - Something for the teenagers.

Deltamune would like to thank the Directors and Staff of Avimune (Pty) Ltd and Avifarms(Pty) Ltd for their generous contribution toward this worthy project.
